

Monoposto Racing Club

Paddock Equipment Survey 2011

Please complete and return this form to:

Simon Davey
MRC Administrator
1 The Applegarth
Long Buckby
Northants NN6 7EQ

As the size of Monoposto fields increase, and the profile of the Championship rises, it becomes increasingly important for us to manage our allocated paddock space. A well organised paddock increases everyone's enjoyment and improves the way the Club presents itself.

As an aid to this, we would like competitors to provide some information about the equipment they use in the paddock. This is best done on a "team" basis; so if you are part of a team with more than one car, please arrange to submit only one Paddock Equipment Advisory form covering the whole team.

This is very much a learning process in terms of organisation, and it is not compulsory to complete this form, but we would be grateful for your co-operation. The information you provide below will be used to help us plan and manage overall paddock allocations for the Club. **It does not mean that teams will be limited to the use of the paddock equipment they have listed, or that teams will necessarily be able to position all the equipment they list below in the paddock at any given meeting.**

Finally - if your paddock equipment changes significantly during the year it would be helpful if you let us know.

Race Car(s) in Your Team

Car	Make	Class	Driver's Name
Car 1			
Car 2			
Car 3			
Car 4			
Car 5			

Working Vehicle(s)

No.

Trailers

No.

Caravan(s)

No.

Large Truck (> 7.5t)		4 wheel - working		4 wheel - working	
Medium Truck (3.5 – 7.5t)		2 wheel - working		2 wheel - working	
Small Truck/Van (< 3.5t)		4 wheel - non working		4 wheel - non working	
Large Motorhome (> 5m long)		2 wheel - non working		2 wheel - non working	
Small Motorhome (< 5m long)		Other (please describe below)		Other (please describe below)	
Tow/Support Car					
Other (please describe below)					

Note: a "working" vehicle, trailer or caravan is one which is needed to directly support the racing car(s) while at the event. It could be supporting an awning or contain essential tools, spares, consumables or other racing equipment. Vehicles which are used only to transport people to and from the event, and Motorhomes or Caravans which are not required to support the racing car(s) at the event are considered to be "non-working".

Awnings

Support	Size in metres: width x length	Arrangement
Stand alone		na
Vehicle - supported		Left / Right / Either Side
Trailer - supported		na
Caravan - supported		na

Additional Information/Requirements/ Descriptions
