Format:

This meeting will use the twin header format. There will be one qualifying and one race on each day of this two day meeting. All cars will share on grid for this meeting.

Your permanent MSVR plastic passes for the year have been posted out. If you have not received them by the time you set off for Brands, please call me on 07894 010132 as I will have a supply of spare passes that can be lent out for the meeting if needed.

There will not be a briefing in person, so please make sure you read all of the notes prepared by our Clerk of the Course, Terry Scannell, which are included in this pack. You must also complete the online drivers briefing no sooner than 48 hours before the meeting, but before going on track.

Race-Specific Briefing Notes

Monoposto Championship

Brands Hatch GP, 8th / 9th May 2021 Clerk of the Course: Terry Scannell

Welcome to Brands Hatch for this weekend's Rounds 3 & 4 of the 2021 Monoposto Championship on the Brands GP circuit.

Once again may I please remind you to ensure that all Covid-19 policies and precautions are adhered to throughout the weekend and your cooperation with this will be greatly appreciated for the safety of all concerned and for the efficient running of the meeting. Please remember that we must keep to the Group of Six guidance and no have groups of people exceeding this number. Please wear masks when in enclosed areas and when in the inner paddock and pitlane areas at all times.

Please ensure that you and your car are in Assembly in plenty of time, allow ample time to travel from the Outer Paddock, we will not be able to delay sessions awaiting late comers.

Qualifying Procedure:

Cars will be released from the Assembly Area via the Pitlane onto the circuit. Should you need to use the pitlane during any session and you find that the Pit Exit light is on Red please do not proceed and follow Marshals Instructions. Make sure you get your three qualifying laps in – there will no other sessions available during the day. Qualifying will take place on Saturday morning for your Race 1 (Race 7 on the timetable) on Saturday afternoon and a separate Qualifying on Sunday morning for your Race 2 (Race 15 on the timetable) on Sunday afternoon.

Please keep to the right of the Pit Lane exit Blend Line, when you exit the pitlane onto the circuit and be aware of traffic already on the circuit on the approach to Paddock Bend.

End of Session procedures for Qualifying and Races:

After the chequered flag please slow down on the approach to Druids and as you approach Graham Hill bend Post 7, please be prepared for marshals to be on circuit at Post 9 directing cars off the circuit to Parc Ferme. You will not do a full slowing down lap of the GP circuit following the chequered flag of any track session. Please note as per picture below.

Race-Specific Briefing Notes

Monoposto Championship

Brands Hatch GP, 8th / 9th May 2021

Clerk of the Course: Terry Scannell

Race Procedure:

Cars will be released from the Assembly Area directly to the Grid and when all cars are in position the countdown will begin as per the Final Instructions.

The grid will be formed in a Standing Start 1x1 formation.

Please note for this weekend's meeting, we are likely to have a full grid of 38 cars and it is therefore essential that all competitors are alert to any cars that may be slow starting when the red lights go out for the race starts and please do not make any aggressive moves especially into Paddock Bend and Druids after the race starts. Please be prepared that we may possibly change to a Rolling Start procedure on the basis of safety due to conditions applicable on the day.

Should track conditions change from Dry Qualifying to Wet for the race start the procedure will in summary be one of two potential options;

- Two Green Flag laps – back to Grid for standing start. Race time may start at commencement of 2nd Green Flag.
- If conditions should dictate –We may consider a single file start behind Safety Car until conditions considered suitable for racing.

On Track:

Drive safely; with care, consideration and respect for your fellow competitors. We will have in effect all Monoposto classes racing together and when the faster cars are lapping slower cars they must do so safely and not to interfere with those racing in the other classes with aggressive moves. Each of your cars have differing

handling characteristics and it is important that you all work together to ensure that we have good clean races, without the need for Safety Car interventions which would ruin a 15 minute race on the long Brands GP circuit.

There are plenty of safe overtaking opportunities on the Brands Hatch GP circuit.

At all times respect other drivers and ensure that they have the track space that they need to be safe. Please do not attempt risky manoeuvres or aggressive defending of position.

Please ensure there is no contact between cars and please drive with awareness of each other and be ready for the unexpected! We need to ensure that cars do not find their way into the various gravel traps during the sessions please.

PIT LANE SPEED LIMIT 60kph

In poor visibility and wet weather, all drivers must remember that there may be much slower cars ahead of them, or much faster cars behind them: concealed in the spray. If you are closing on a slower car in heavy spray remember that it is very unlikely that he can see you in his mirrors!

Respect Track Limits at all times – Please remember to keep all four wheels inside of White Lines and on Kerbs but not behind them. Brands Hatch not only has CCTV for on track action but also sensors operating cameras should you go beyond the Track Limits.

Please observe all flag / light signals – Please no overtaking under Yellows / Safety Car, Red Flags.

Safety Car – if required will join the circuit at Post 8 Graham Hill Bend after the first lap, however for the race starts it will be positioned behind the grid at the entrance to the pit lane – Please close the train as safely and as quickly as possible without overtaking whilst taking caution for any incident / marshals / recovery on circuit. It is vital we only have one train of cars when under Safety Car conditions so please catch up with the cars in front of you as quickly (but safely) as possible please.

Race-Specific Briefing Notes

Monoposto Championship

Brands Hatch GP, 8th / 9th May 2021 Clerk of the Course: Terry Scannell

It is extremely helpful if the leader slows to open a gap from slower cars that he may be about to lap as soon as the Flags and Boards are deployed to create a large gap so the Safety Car can pick up the leader cleanly. When the Safety Car is due to come in the roof lights will be extinguished and the Safety Car will enter the Pit Lane. Please remember NO Overtaking until you cross the start line even if the cars ahead are in different classes to yourself within the race.

If you have mechanical problems while on track:

Please assist by getting the car into the pits or off the track at a safe stopping point close to the nearest marshal post as soon as possible. Do not continue to stagger round, possibly dropping fluid, and acting as a moving chicane. Try to indicate to marshals what type of recovery you will need.

Please note: If you are still in the car trackside following a mechanical issue or incident and are fine please show a thumbs up to the marshals as they approach you, to show that you are ok, as part of the Covid-19 procedures.

Please ensure that you sign on for the meeting and also sign on to acknowledge the standard MSVR online driver's briefing via the links on the MSVR Final instructions prior to the meeting to ensure that you are allowed on circuit for qualifying without undue delay.

Should you have any problems or issues please contact Rachel in the first instance or myself or the MSVR Race Admin team and we will do everything possible to help you.

**Thank you,
Terry Scannell,
Clerk of Course**

- The signing-on process includes your scrutineering declaration and part of your briefing (see below)

SCRUTINEERING

- As part of the signing-on process you will submit your car and safety equipment information, self declaring your compliance with Motorsport UK regulations
- This information will be passed to the Chief Scrutineer ahead of the weekend, and the scrutineers of the meeting will have the power to perform spot checks throughout the event, to ensure compliance with all relevant regulations
- Please remember that the standard Motorsport UK penalties continue to apply for non-compliance

COMPETITOR BRIEFINGS

- As part of the signing-on process you will go through a preliminary safety briefing. You **MUST** go through this from start to finish to complete the signing-on process
- You may receive additional briefing notes via your coordinator or the Clerk of the Course. Please ensure you are also familiar with these before your first session on circuit

RACE ADMINISTRATION

- No printed results or bulletins will be available to collect. The event page on the MSVR website will become a "virtual noticeboard" and should become your first port of call for event documentation
