In accordance with Motorsport UK regulation Q11.2, a minimum of 25% of vehicles and drivers' PPE will be physically inspected by a Motorsport UK scrutineer at each event. These

cars will be pre-selected by the scrutineers to ensure that every car/competitor is seen at least once every four race events that it competes in. The time slot for these checks can be found below:

Championship/Series	Time/Location
Clio Cup GB	07:30 (Sat) - In Situ (Minimum 25% of grid)

Any guest championships/series will need to make MSVR aware in advance of the event if they wish to have their grid checked in its entirety by a scrutineer.

If you are unsure of your vehicle's ability to meet the required safety criteria set out in the Motorsport UK general regulations, then please find a Scrutineer and ask them to check this for you. If your car hasn't been checked within the past three events, please seek out a scrutineer to make them aware. Allow plenty of time before your first session on track.

### 9. ELIGIBILITY

Eligibility may be checked by a member of the Motorsport UK Technical Commission listed in the 2024 Motorsport UK Yearbook at Appendix 5e. These Technical Commissioners will be considered as Judges of Fact within the Regulations. The Championship/Series licensed Eligibility Scrutineers are also considered Judges of Fact and empowered to undertake any measurements or examinations of vehicles.

### 12. ENGINE/NOISE POLLUTION

### 13. PIT LANE

Please note the mandatory pit lane speed limits:

- GT Cup Championship: 50 km/h.
- All other series/championships: 60 km/h

The Pit Lane entry is on the LEFT after Roberts (Turn 10A).

The Penalty Box is at the far end of the Pit Lane by the Pit Office.

Competitors must not exit the pit lane when the red light at the pit exit is illuminated or cross the blend line when joining the track.

### 14. PRACTICE & QUALIFYING

**GT Cup Championship** will start all sessions from the pit lane.

All other competitors will be required in the Assembly Area 20 minutes prior to their qualifying. On instruction from marshals, cars will proceed from the Assembly Area directly onto the circuit behind a course car that will enter the pit lane. Competitors should not follow the course

car into the pit lane and continue on track. Late arrivals in the Assembly Area may be directed through the paddock to join the Pit Lane by the road adjacent to Race Control.

**The Assembly Area is at the bottom of the Melbourne Loop, near the circuit office.** Please make yourself familiar with the location before your first practice session.

#### 15. RACE START PROCEDURE

**GT Cup Championship** cars will be called forward into the pit lane from the garages by pit lane marshals. When instructed to, cars will then leave the pitlane and make their way back to the grid where they will await further instruction from the marshals for gridding.

ALL OTHER COMPETITORS will assemble in the Assembly Area, which is located on the outside of the Melbourne loop. The countdown will take place in the assembly area with competitors being shown the start boards from here. At the end of the countdown the green flag will be waved to signal the start of the green flag lap. All cars will proceed directly to the track (rolling starts behind the safety car).

**Cars will NOT stop on the grid on the first time they cross it.**

For standing starts, when approaching the grid for the second time, marshals will be in position to show them to their starting location. For rolling starts, the normal starting procedure will take place.

For standing starts Unless Championship/Series Regulations state otherwise the Red Lights will be switched on 5 seconds after the '5 second' board is shown and will be switched off after 2 to 6 seconds, which will indicate the start of the race.

If the delay from the showing of the Green Flag signalling the start of the formation lap to the start of the race is more than three minutes the organisers reserve the right to reduce the race distance.

In all cases, countdowns will be in accordance with series/championship regulations.

#### Standing Starts:

- Clio Cup GB (10 Sec Delay between grids)
- Sports 2000 Championship (10 Sec Delay between grids)
- Focus Cup
- Porsche Club Championship
- Monoposto Championship
- Boxster Cup

#### Rolling Starts:

- GT Cup Championship
- MSVR All-Comers

In ideal conditions, the qualifying or racing programme may be brought forward by up to 20 minutes and competitors should ensure that they are in the correct location in good time.

#### 16. GRIDS

Grids will be in accordance with the track licence or Championship/Series Regulations unless otherwise specified.

#### 17. COUNTDOWNS

For all races, the countdown will start at the 1-minute signal unless Championship/Series regulations specify a different procedure.

#### 18. SAFETY CAR

The Clerk of the Course has the option to deploy a Safety Car for all qualifying and races. The Safety Car will join the circuit from the Pit Lane exit and leave the circuit by entering the Pit Lane. Safety Car regulations are available at Race Administration or as detailed in Championship Regulations.

#### 19. LIVE SNATCH

Donington Park is licensed for Live Snatch. During racing or qualifying any car that needs removing from a gravel trap may be removed by a 'snatch vehicle' under local yellow lights/flags.

Live snatch will not be used for Monoposto Championship, Sports 2000 and MSVR All-Comers.

#### 20. TRACK LIMITS

At this event infringements of 'track limits' as defined by Motorsport UK Regulation Q12.21.2 can be detected by an automatic system that will identify the offending car and produce a photograph of the infringement.

This photographic evidence will be considered as a fact and may be used by the Clerk of the Course for judicial procedures in accordance with Motorsport UK Regulations.

The above mechanism for such infringements does not preclude from marshals, officials and Judges of Fact from reporting infringements.

#### 21. CONTROL FLAGS

Control Flags: Control flags (Black/White, Black/Orange etc.) with car numbers may be shown from the control line on drivers' right at the line. The same information may also be shown from electronic panels displayed alongside the start lights in addition to or as an alternative to the flags on the line.

#### 22. END OF PRACTICE AND RACE PROCEDURE

At the end of each practice or race all cars must slow down after taking the Chequered Flag

and leave the circuit by entering the Pit Lane and turning LEFT into the Parc Fermé just beyond Garage 38 unless otherwise instructed by officials.

All competitors will remain under Parc Fermé conditions until advised by the Scrutineers.

For races of time duration, the Chequered Flag will be shown to the race leader the first time he passes the finish line after the time has elapsed unless specified otherwise in Championship/Series regulations.

#### 23. RED FLAG

In the case of a red flag during all sessions, all cars must slow down, being prepared to stop, and enter the pit lane.

Any category generating a Red Flag may be placed at the end of the programme subject to time remaining available.

#### 24. SIGNALLING LIGHTS

There are signalling light panels at various locations around the circuit. In accordance with the revised Motorsport UK regulation Q12.24 these lights take priority and may be supplemented with flags.

#### 25. RESULTS

Results of Qualifying and Races can be found on the virtual notice board on the MSVR website, where they will be available once any outstanding judicial matters have been resolved: ([click here](#))

#### 26. JUDGES OF FACT

Judges may be appointed in accordance with Motorsport UK regulation Q3.1.

**Timekeepers:** To declare the individual lap times and the order in which the cars cross the timing line throughout the competition.

**Scrutineers:** In addition to the Championship/Series Eligibility Scrutineers, eligibility may be checked by a member of the Motorsport UK Technical Commission, as listed in the Motorsport UK Officials' Yearbook Appendix 5e.

#### 27. TIMING

All competitors are required to use an AMB TranX 260, AMB MYLAPS X2 or MYLAPS TR2 Racing transponder. This can be either direct or battery powered. Transponders can be purchased from TSL at [www.tsl-timing.com](http://www.tsl-timing.com) in advance of the meeting.

If you need to hire a transponder for this meeting, you must do so by the Wednesday prior to the event. This can be done by visiting the TSL-timing shop ([click here](#)).

Don't leave it until the race weekend, the timekeepers may not be able to supply you a transponder if you have not pre-ordered one. This could lead to you being in breach of MSUK Regulation 12.8.1.

#### 28. JUDICIAL PROCEDURES

All paperwork must be lodged with the Event Secretary (or other authorised event official) who will then process this as appropriate. There is no change to the time limits related to judicial procedures that can be found in the Motorsport UK Yearbook.

Judicial forms will no longer be signed, and paper copies will not be distributed. They will instead be sent electronically to the recipient using the email that they signed on for the event with. For judicial and appeal purposes the time of issue will be deemed to be the time the decision was sent, unless the recipient is informed verbally, when the time commences at the time notified verbally as stated on the relevant Clerk of the Course decision sheet. All decisions will be posted on the virtual noticeboard, which can be found on the dedicated event area of MSVR website ([www.msvr.co.uk/car](http://www.msvr.co.uk/car)) At the discretion of the Judicial officials, Judicial Hearings may be recorded. Note that no competitor is allowed to record the proceedings (see Motorsport UK regulation C15).

#### 29. Special Circuit Notices

The use of e-scooters is prohibited at all MSVR events and MSV venues.

Smoking and vaping are forbidden in the working areas of the venue, this includes but is not limited to, the pit lane, assembly area, garages, and Parc Fermé.
